

# God's Family Photo Album

1 John 3:1-2

In God's family photo album  
our pictures can be found  
as He points out all his children  
to the angels gathered 'round.  
And He speaks of us with pleasure  
as his daughters and his sons,  
how we're growing up to heaven  
when our growing up is done.

For the believer He is a gentle weaver  
who binds us by the edges of our lives  
in an album of great size, displayed before his eyes.  
Every child whose birth took place on earth  
will be there till they die.

In God's family photo album  
our profiles have been laid,  
we who wait to see the Father  
in whose image we were made.  
And He'll keep our lives before him  
till the day we all come home,  
cause he won't need any pictures  
when we're sitting 'round his throne

For the believer He is a gentle weaver  
who binds us by the edges of our lives  
in an album of great size displayed before his eyes.  
Every child whose birth took place on earth  
will be there till they die.

In God's family photo album  
his love will be the paste  
that holds our lives together  
till we see the Father's face.
