

Lord, Send Out Your Spirit

Psalm 104

Refrain: Lord, send out your Spirit
that the earth might be renewed,
that the earth might be renewed by your light.

Now sings my soul with gladness to bless You, Lord,
for great in deed the workings of your hands.
And You are robed and clothed in majesty
as in a cloak of light. **Refrain**

How manifold the works of your hand, O Lord.
The earth is full of creatures You have made.
If You should take away the air they breathe
then they would turn to dust. **Refrain**

And from this dust creation is born anew
and by your Spirit all things brought to life.
O fill us, Lord, that we might live in You,
forever in your sight. **Refrain**
