

# One Foot in Heaven

John 17:6-29

**Refrain:** God is Spirit and in Spirit is He served  
by we who in his image have been made.  
Keep one foot in heaven as you travel on this earth  
lest you forget the place from where you came.

These bodies that we think we are  
are not much different from the car  
and other stuff that's stashed in your garage.  
We may work all day to have the means  
to buy them food and gasoline  
but there not really s'posed to be in charge.

It gets confusing in a way trying to figure day to day  
just what it is that we are s'posed to be.  
We may all wear different labels like  
doctor, lawyer, husband , wife  
but to God we share the same identity.

## Refrain

We walk as pilgrims on this earth,  
visitors who from our birth  
are looking for the place where we belong.  
But once we have the eyes to see  
the backstage of reality our real home is never really gone.

So we wear our human suits,  
all engrossed in our pursuits  
reaching for some happiness afar.  
When to our Maker we return,  
it's then my friends we're going to learn,  
the souls we thought we had are what we are.

## Refrain
