

# Won't You taste and See?

Psalm 34

**Refrain:** Won't you taste and see? Won't you taste and see?  
Taste and see the goodness of the Lord. Come taste and see.

Always will I bless You, Lord. Praise You with my very soul.  
Let the lowly ones now hear and be glad to taste your goodness.  
We will ever glorify You, Lord, that we might extol your name.  
You will take away the fears that we have and so deliver us. Come see.

Look upon the Lord your God. Radiant with joy you'll be.  
And your faces never blushing with shame. God hears and answers us.  
And when the hurting ones cry out. So the lord will hear their pleas.  
Those who are distressed can call on God's name,  
Whose goodness ever they shall see.
