

Capture Me Home

Lord, I see the light of day.
It's shining all across the way
for I know every little seed I've sown
and the changes in me; they are captured, captured
in the love You have shown.
Lord, You capture me home with your love.
Lord, you have captured me home.

There was a time long ago
deep inside me when I was alone all the time.
All the feelings that I'd hide
slowly died every day till I felt you searching
all the way to my heart.
Lord, this season in time, in your time,
Lord, you have captured me home.

Refrain: You are an open door
as you beckon me to come near.
When I am in your arms
I know that I need not fear.

Here, as the future turns to past
I'll flower on a rainy day even when
things are looking rather bleak
I will seek out your grace as you capture, capture
me again in your love. In your love
held in the arms of your love. **Refrain**

Lord, I see the light of day.
It's shining all across the way
for I know every little seed I've sown
and the changes in me; they are captured, captured
In the love You have shown.
Lord, You capture me home with your love
Lord, you have captured me home.

Capture me home. 4x
Lord, You have captured me home.
