

## For Them to Keep

Leave them the canyons. Leave them the hills.  
Let them walk forests deep.  
Leave them the grasses pure and free.  
Let's leave them for them to see.

Leave them the oceans. Leave them the lakes.  
Let them swim rivers wide.  
Let them taste fish all pure and clean  
without any taint inside.

Leave them the trade winds. Leave them the skies.  
Let them breathe air all clean.  
Let them have babies beautifully formed.  
Let them see what we have seen.

Leave them our riches not made of gold.  
Earth still a place to be.  
Give them God's wisdom so when their old  
They'll make sure their children see.

**Children:** Leave us the canyons. Leave us the hills.  
Let us walk forests deep.  
Leave us the grasses pure and free.  
Please leave them for us to keep.

Leave us the oceans. Leave us the lakes.  
Let us swim rivers wide.  
Let us taste fish all pure and clean  
without any taint inside.

**Adults:** Leave them the trade winds. Leave them the skies.  
Let them breathe air all clean.  
Let them have babies beautifully formed.  
Let them see what we have seen.

Leave us your riches not made of gold.  
Earth still a place to be.  
Give us God's wisdom so when we're old  
we'll make sure our children see.

**All:** We'll make sure our children see.
