

God's Saving Grace

1 John 1:9

If we confess our sins, he who is faithful and just and will forgive us our sins and purify us from all unrighteousness.

Have you ever sinned a certain way
so many times that you come to doubt
if you are really forgiven?

And then you do it once again and soon you start to think
yourself unworthy of the life that you've been given.

Refrain: So you look up; you look down
and you refuse to hear the sound
of his holy word and so you run away.
Then you look left; you look right
and refuse to use your sight
to read that written page that you threw away in disbelief.

And then you start to wonder if God really cares
about you like He used to because of all you've done.
You use your foolish wisdom, in your blinded desperation
start believing that this time Satan's really won. **Refrain**

But soon God's saving grace comes down
and gives you something special; something beautiful.
I think they call it faith.
And the Spirit flashes 1 John 1:9 within your mind
till Satan's grand deceit is crushed beneath God's feet.

So don't look up or down or refuse to hear the sound of his holy word.

Now don't you run away.
Don't look left or right or refuse to use your sight
to read that written page,
read that written page.

Still as true with age, Still as true with age.
Can't you see?
