

# A Christmas Kingdom

They once told a story of a kingdom that would come  
when a reign of might and glory would shine beneath the sun.  
Emmanuel would take his throne and the world would shake with fear  
when far away in Bethlehem a different light appeared...  
the Baby Jesus.

And while we all were looking for a kingdom of this earth  
a tiny child then ushered in a different kind of birth,  
a force of light and love that blew the night of fear apart.  
The foundation of a kingdom new was made within each heart...  
by Baby Jesus.

Today we're often dazzled by the world before our eyes  
and we forget to notice where the real kingdom lies.  
This Christmas day let's find a way to heal our troubled earth  
that born again from love within it can find a second birth...  
in Baby Jesus.
