

Our Shepherd's Voice

by Bob and Debbie Carothers

People are like sheep. They're so easily led astray.
Before our shepherd called us we were going our own way.
But with his gentle rod He led us from the path of pain and strife.
And showed us the way to go that leads to eternal life.

Refrain: Our shepherd's voice we will follow.
Our Shepherd's voice we know.
And wherever he will lead us,
that is where we will go.

And so we walk the road, the straight and narrow path.
And if we veer away he always brings us back.
'Cause with the words of truth he keeps us from the danger.
He lays down his own life. We will not listen to the voice of a stranger.

Refrain

And if wolves come near and hide behind the rocks
seeking to devour the unsuspecting flock,
think back to your calling. We all must make a choice.
Remember your calling. Remember the voice.
And we will never fear, knowing that our shepherd's near.
And we will travel green pasture forever after.

Refrain
