

# **It All Comes Down to Faith**

It all comes down to faith. It all comes down to hope.  
It all comes down to Love. This life I have in God.

**Refrain:** Faith, hope and love, Love, hope and faith  
In a God I cannot see. Yet He proves Himself to me.

Through failures and mistakes, what life has brought my way,  
Yet his word I must believe. All things work good for me.

## **Refrain**

It all comes down to faith. It all comes down to hope.  
The greatest being love. This life in God.

## **Refrain**

Through valleys I have fought with insecurities.  
Yet his word has brought me peace  
as the shepherd watches me.

It all comes down to faith. It all comes down to hope.  
It all comes down to Love. This life I have in God.

## **Refrain 3x**
