

Your Great Commands

By Tom DeFrangé

Refrain: And, Lord, we love your great commands.
They guide our feet. They help us stand. 2x

And we have told you, Lord...
We love to keep your word...Your law means more to us...
Than stones of precious gold...Or silver we might hold...

Your kindness comforts us...
Your promises are true...Compassion is your gift...
That lets us live aright...Your laws are our delight...

Refrain

We love your statutes, Lord...
Much more than gold so fine...They help us to go on...
Down paths secure and true...That lead us, Lord, to You...

So wondrous your decrees...
And we observe them well...Your Revelation, Lord...
Gives light to all the land...And helps us understand...
